The most comprehensive, affordable, relevant public works training program in Florida

Taught by practitioners, for practitioners

Meeting the rigid standards of APWA Public Works Institute’s task force, the Florida Chapter has implemented a three module, 90-hour program to prepare public works employees for career advancement in management or operations.

Participants will learn supervisory and management skills, and how to apply them to real world public works applications.

Work toward a certificate that will make a difference in your career!

Program Format and Locations

**Live Modules** are taught at two locations in Florida ~ Indian River State College’s Main Campus in **Fort Pierce** and Pinellas Technical College in **St. Petersburg**. Each module costs $399 per person. Includes all course materials.

Classes meet from 7:30 AM—6:00 PM. A hot continental breakfast and lunch is included—Dinner is on your own. (Discounted rates available at local hotels)

**Online Modules** are six-weeks in length. All components are taught online to reduce the expense of travel. Each module costs $399 per person per module.

**Module I:** Supervision & Intro to Public Works

**Module II:** Management & Public Works Operations

**Module III:** Leadership & Community Outreach

**What will you learn?**

- Develop knowledge, skills, attitudes & values necessary for success in management & leadership positions
- Advanced professional use of interpersonal communication & critical thinking skills that are required for success
- Leadership skills & the ability to be a change agent
- Personal & professional ethical responsibility in all managerial & organizational decision making
- Leadership in promoting customer & citizen diversity for community growth
- Technology integration into decision making progress
- Tour local Public Works projects and facilities
- Networking with other Public Works professionals

**Who should attend?** The Public Works Institute model was designed to address the supervisory and management needs of current first-line supervisors and up, and those individuals aspiring to be better leaders and supervisors.

Florida Chapter APWA Public Works Institute at Indian River State College follows the national template and includes all core areas of study, addressing 60 specific topics in a 90 hour format. Topics include:

- Supervisory techniques and skills
- Basic Management Skills
- Communications Skills
